## INSPECTION STATUS ADHESIVE LABELS

Adhesive labels easily identify the inspection or production status of your product.

- ✓ Fluorescent highly visible colours
- ✓ Permanent adhesive (Removable on request)
- ✓ Readily written on
- ✓ 250 per dispenser box (Large orders may be supplied in boxes of 500)

To order: Specify the item code and quantity required.

Refer attached price list

### Clear Vinyl Overlays

Clear vinyl overlays protect paper based labels from oil, moisture and damage when a more permanent record is required.

Apply over printed labels after any handwritten message and signature has been applied.

### Adhesives

All our standard range labels have a permanent adhesive.

If there is a possibility of damage to your product or equipment, please test our labels prior to general use.

Removable adhesive (in limited colours) is available on request.

VOID IF SEAL IS BROKEN

### Tamper evident security labels

L077  
16 x 35mm  
Silver polyester  
Black print

When tampered with, the label separates and leaves the word VOID on the item

- \* Used when ever unauthorised adjustment or tampering must be obvious.
- \* Standard range text "VOID IF SEAL IS BROKEN".
- \* Also printed to your requirements.

### Custom Printing

The label you want isn't shown?

We also print to customer requirements.

Minimum order only 500

Very competitive pricing

Fax a sketch of your label for a quote.

### Please Note:

As we have no control over the use of our labels, we accept no responsibility for any damage to products, equipment or their surface coatings by our labels.

If in doubt, please test labels prior to general use.

## INSTRUMENT CALIBRATION LABELS

Adhesive labels easily identify the calibration status of your measuring instruments

- ✓ Fluorescent highly visible colours
- ✓ Permanent adhesive
- ✓ Readily written on
- ✓ Boxes of 100 or 250
- ✓ Dispenser boxes for ease of use

To order: Specify the item code and quantity required.  
Refer attached price list

### Clear Vinyl Overlays

For best results and security, calibration labels should be covered with a clear vinyl overlay or a transparent adhesive tape, eg Scotch Magic Transparent tape

### Aluminium Calibration labels

Soft Aluminium adhesive labels. Used where a high quality, professional image is required. Biro markings are permanently indented into the label for durability.

Supplied on cards of 10
